WELLSVILLE VILLAGE BOARD:

MAYOR Randy Shayler585-596-1750 or 585-596-1809 mayorshayler@wellsvilleny.com DEPUTY MAYOR Jeff Monroe585-596-1750 trusteemonroe@wellsvilleny.com TRUSTEE Michael Roeske585-596-1750 trusteeroeske@wellsvilleny.com TRUSTEE Ed Fahs585-596-1750 trusteefahs@wellsvilleny.com TRUSTEE Gary Pearson585-596-1750 trusteepearson@wellsvilleny.com The CDC (Centers for Disease Control) says:

- 1 in 10 people who use marijuana will become addicted.

- 1 in 6 people will become addicted if they start before age 18

SAMHSA (The substance abuse and mental health administration) of the US government says:

- Studies link marijuana use to depression, anxiety, suicide planning, and psychotic episodes. It is not known whether marijuana directly causes these.

- People who drive under the influence of marijuana will have slower reactions, lane weaving, decreased coordination and difficulty reacting to signals and sounds on the road

- Marijuana use during pregnancy may cause fetal growth restriction, premature birth, stillbirth, problems with brain development, resulting in hyperactivity and poor cognitive function.

- Research shows that people who use marijuana are more likely to have relationship problems, worse educational outcomes, lower career achievement and reduced life satisfaction.

Sacrificing our people, families and kids for the sake of perceived economic benefit is immoral and irresponsible. There are plenty of healthy ways to boost our economy that don't involve drug use. The argument that alcohol already does this at a worse level and it is sold everywhere causes me to ask "why would we want to add marijuana on top of that? Will adding marijuana make it better?"
